

How to Enroll in a Course or Activity (Detailed version for Student)

A Search for Course or Activity

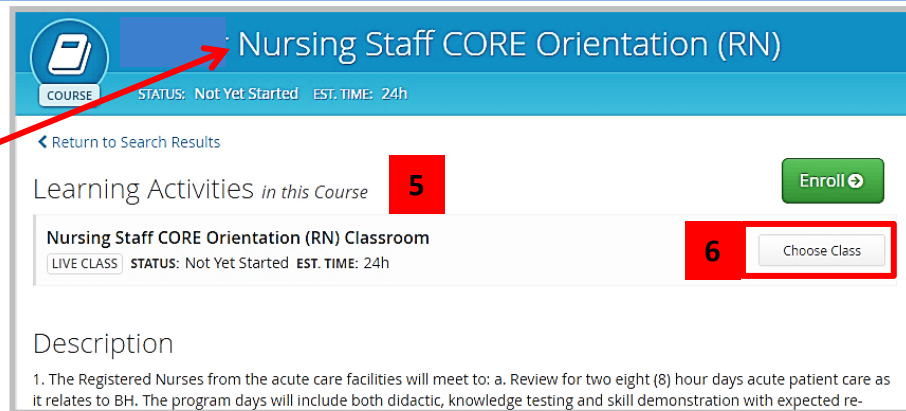

- To enroll in a course or activity, select the **Catalog** tab. The *Catalog* page appears.
- Type a **search word** in the **Search** field. This example is “orientation.” (Fewer words may generate more results from which to choose.)
- Click the **SEARCH** icon or press **ENTER**. A *Results* list of courses (activities) appears. If the Result does not show the course you desire, repeat Steps 2 and 3 with a new search word(s).
- Select the desired course (activity) from the results listed.
- A *Learning Activities In This Course* page appears. (Scroll down the page to see the detailed description of the course/activity, learning objectives, course outline, etc.)

B Choose a Class Session

- Recommended:** Click **Choose Class** to select a class session (with time, date and location). (The *Enroll* button also takes you to a *Choose Class* page.)
- The *Choose Class* page appears. Click the green **Register** button next to the class session that you desire.

- A verification message (“You are registered...”) appears (upper right) with course title, date and time. Click the link in the box, **View class details**, -OR- click the green **View Class** button.

- Optional:** You can also verify the registration by selecting the **To Do** tab (top). The course should be listed in the learning activities.
